OpenDataPolicies.org

PREFERRED PARTNER PROGRAM

Earn up to $5,000 per referral

Refer the businesses that are sitting on years of unique operational data. One link with your email attached, an automatic email the moment someone uses it, and a dashboard to track every opportunity.

Compliance first: We never take HIPAA/PHI data or personal customer data. Everything is de-identified before it leaves your control.

19 November 2026 · opendatapolicies.org

WHY BE A PREFERRED PARTNER

The window is limited

AI buyers are paying for real operational records (email, tickets, CRM, jobs, invoices) that the public web doesn't have. Once the models are trained, the data is no longer required, and its value drops. The time to move is now.

> **"Unique data and unique people are the only things that will differentiate the win in the future."**
>
> Jeff Cline, Founder

You're the unique person on our team. **Find the unique data.**

How to activate

1. **Share your link with your email attached:**

   `https://opendatapolicies.org/#jeff.cline@me.com`

   Use your own email at the end. Or send people straight to the form: opendatapolicies.org/get-a-bid#you@email.com

2. **Get the automatic email** when someone you referred completes their request (business name only).

3. **Create your account** from that email and track every opportunity in your partner dashboard.

PAYMENT TERMS

How and when you get paid

Up to $5,000 per referral

- The referral fee depends on the size of the deal.
- Partners are paid on the **21st of the month after the month we actually get funded** for the deal.
- We only ask for your payment information once the deal funds and we know money is coming to you.

Terms are subject to the Partner Agreement. Amounts vary by deal and are not guaranteed.

Example timeline: a business you referred closes and we are funded for the deal in March → you're paid on April 21.

Who to share with

Business owners

Anyone running a company with 10+ people and years of email, CRM, tickets, jobs or invoices.

Accountants & bookkeepers

They know which clients have clean, long accounting histories.

MSPs & IT providers

They run the Microsoft 365, Google Workspace, ticketing and phone systems buyers want.

Reps & consultants

Anyone who talks to owners every week: insurance, payroll, software, equipment, real estate.

What makes a great referral

- 10+ people and 5+ years in business
- A specialised system (Clio, ServiceTitan, Procore, a dealer system, a help desk)
- An owner who can say yes quickly

SHARE KIT

Copy you can paste

AI companies are paying for the kind of records your business already keeps. Find out what yours is worth (free, about 3 minutes): opendatapolicies.org/#you@email.com

Your emails, tickets, CRM and invoices are worth something to the teams training AI right now, de-identified, no customer data. Free valuation: opendatapolicies.org/#you@email.com

Once the AI models are trained, this data won't be needed. If you run a business, get your free data valuation while the window is open: opendatapolicies.org/#you@email.com

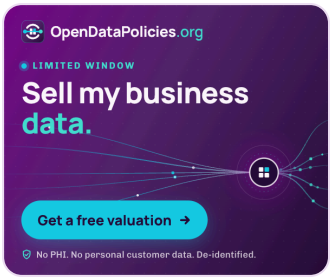

Replace you@email.com with your own email so every referral is credited to you.
